The approved form is attached. As the A2A program is payer of last resort, the second unit is only approved for A2A reimbursement if the Urban League is not able to assist. I would recommend keeping a copy of whatever correspondence you have with Urban League in the client's records.

We are requesting the 2 in case Urban League cannot provide the other. If they are unable to provide the other, we will order an additional unit.

We are comfortable with whatever you decide is appropriate, however.

Thanks!
Megan

So if the Urban League is potentially providing one, you are only requesting one from A2A?

Hi Emily!

She needs 2, I might have written it wrong, but only 2. The home the client is currently living in is two stories and older, so it has a lot more space to cover. The client also has some breathing issues and the nurse feels it is necessary for her to complete her pregnancy in a healthy way.

Thanks!
Megan

Hi Megan – We have provided AC units in the past, but never more than one 5,000 BTU window unit. Is there a reason the client needs three 10,000 BTU window units?
